PROFESSIONAL SUMMARY

Results-driven aspiring Software Engineer and Full-Stack Developer with hands-on experience in backend development, database management, and web application deployment across 3+ client projects. Skilled in Python, Java, SQL, MySQL, and WordPress, with experience building RESTful APIs, working with databases, and delivering production-ready solutions on schedule. Comfortable working in teams and directly with clients to define scope and deliver results.

EDUCATION

B.Sc. Computer Science (Pursuing) August 2023 – May 2026
Mulund College of Commerce, Mumbai — University of Mumbai | 1st Year: 56.4% | 2nd Year: 65.5% | 3rd Year: Ongoing

Higher Secondary Certificate (HSC) — Science February 2024
Queen Mary College of Arts, Science & Commerce, Mumbai — Maharashtra State Board | 65.83%

Secondary School Certificate (SSC) March 2022
Mumbra English High School, Mumbai — Maharashtra State Board | 73.40%

TECHNICAL SKILLS

- **Programming:** Python, Java, C++, SQL
- **Databases & Backend:** MySQL, Microsoft SQL Server, SQL*Plus, RESTful API Development
- **Web Technologies:** WordPress, HTML, CSS, PHP, Server-Side Logic, Third-Party Plugin Integration
- **Data Tools:** Power BI, scikit-learn, pandas, NumPy, matplotlib, seaborn, EDA
- **Tools & Platforms:** Git, GitHub, MS Office Suite, Canva

WORK EXPERIENCE

Backend Developer & Data Entry Specialist January 2025
Freelance / BlownWeb — Mumbai, India

- Developed and deployed WordPress websites with custom backend functionality for 2+ clients, including Brand House Shoe Shop (brandhousemumbra.com).
- Contributed to team-based backend projects at BlownWeb (blownweb.com): server-side logic, database integration, and RESTful API development.
- Implemented database-driven features using MySQL and Microsoft SQL Server while maintaining data integrity.
- Built RESTful APIs and integrated 5+ third-party plugins for smooth server-client communication.
- Managed end-to-end data entry workflows for backend systems with a focus on accuracy.
- Produced 5+ client branding campaigns (graphics, posters, pamphlets) using Canva.

PROJECTS

Brand House Shoe Shop Website | WordPress, PHP, MySQL, Custom Backend

- Built and launched a fully functional e-commerce-style business website with custom backend logic, product pages, and contact form integration for a Mumbai-based retail client.
- Delivered the project on schedule after gathering requirements directly from the client.

BlownWeb Team Web Applications | WordPress, MySQL, REST APIs, SQL Server

- Collaborated with a 3-person development team to build and maintain multiple web applications.
- Handled backend architecture, database schema design, and API integrations across client deliverables.

Power BI Sales Analytics Dashboard | Power BI, Excel, DAX

- Built a multi-page interactive dashboard during the SaiKet Systems internship visualizing sales trends, regional KPIs, and product performance, consolidated from 3+ data sources.

Machine Learning Classification Models | Python, scikit-learn, pandas, NumPy

- Trained and validated supervised ML models (logistic regression, decision trees, random forest) during the Imarticus Learning internship.

INTERNSHIP EXPERIENCE

Data Science Intern — Imarticus Learning (Remote) June 2024 – August 2024

- Developed and evaluated 3+ machine learning models for classification and regression using Python (scikit-learn, pandas, NumPy).
- Conducted EDA on datasets of 10,000+ records and produced 5+ visualizations using matplotlib and seaborn.

Power BI Intern — SaiKet Systems (Remote) June 2024 – August 2024

- Built 3 interactive Power BI dashboards visualizing business KPIs across sales and regional performance.
- Cleaned and restructured 4 raw datasets totalling 15,000+ records into analysis-ready reports for the internal analytics team.

Writing & Blogging Intern — Marpu Foundation (Remote) January 2023 – April 2023

- Authored 10+ blog articles and social awareness posts, contributing to a campaign that reached 500+ readers per month.
- Strengthened written communication with a focus on clarity, audience targeting, and tone.

CERTIFICATIONS

- Customer Relationship & Sales (CRS Course)
- Tally Essential & Tally Advanced (GST)
- Communication Skills — Levels 1, 2 & 3
- MS Office Course (Word, Excel, PowerPoint)
- Basic Computer Course

CORE COMPETENCIES

Client Communication, Requirement Gathering, Team Collaboration, Problem Solving, Data Entry & Management

LANGUAGES

English (Fluent), Hindi (Fluent), Urdu (Native)

ADDITIONAL INFORMATION

- **Availability:** Immediate joiner — open to full-time, part-time, and internship roles
- **Work Mode:** On-site, remote, or hybrid in Mumbai, Thane, and Navi Mumbai
